For less than the cost of flowers you can give the grieving family something of substance — an enduring tribute to their loved one — that will become a cherished family treasure.

For 50 years, our **Memorial Bibles** — and now **Enduring Comfort** for all faiths — have been the ideal expression of loving concern and sympathy in times of sorrow and loss.

Each volume comes complete with its own gift chest. The personalized donor panel is already inscribed and in place to identify you as the giver of this lasting remembrance.

How the Memorial Program Works

The *Memorial Bibles* or *Enduring Comfort* are either delivered for display at the funeral home by a manager or representative, given directly to the family or member at a proper time, or mailed by the organization directly. The funeral director generally places your gift on a display stand near the casket. All who pass to pay their respects notice your thoughtful expression of sympathy.

Simply keep a reasonable number on hand. When a death occurs, you may fill out the sympathy card to complete this caring expression of personal concern.

Completely Union!

Every United Memorial product is 100 percent union-made!

Every United Memorial employee is a union member, and is under a current, union contract!

No one else can say this!

As the leading Memorial Bible supplier in the union market since 1958, you can rest assured we are a 100 percent fully-unionized company—the **ONLY ONE** in this business with ALL its employees under a current union contract, and ALL its products bearing an official and legitimate union label. AFL-CIO verification of this fact is furnished upon request.
